

small group adventure

day 1

Welcome to Asheville! First, check into your hotel. Use **Explore Asheville CVB** to help you secure your overnight lodging and receive a complimentary souvenir for each attendee upon arrival. Then, get outside to explore one of the many trails Asheville has to offer. Use our **hike finder** tool to pinpoint the perfect location, duration and activity level for your group members. After, enjoy dinner at **Forestry Camp**, a brewery and restaurant that was once a base camp to Civilian Conservation Corps who helped build national parks during the Great Depression.

day 2

Start your day early with an unforgettable sunrise standup paddle trip down the French Broad River with **Wai Mauna SUP Tours**. Then, grab a coffee at **Grind AVL**, a River Arts District coffee shop, before zipping around the city with an e-bike tour with **The Flying Bike**. This three hour excursion is one of the best ways to explore the downtown area! For lunch after, swing by the **S&W Market**, a food-hall that showcases the best of Asheville's local independent restaurants and beer.

For your afternoon adventuring, head down to the south side of town to access **Riveter**, the nation's premier indoor climbing gym, bike park, and wellness arena. The Riveter boasts over 16,000 square feet of climbing terrain and both covered and uncovered outdoor bike park terrain for participants with any level of experience. For groups who prefer to keep it natural, **Dupont State Recreational Forest** in Brevard is an excellent destination for waterfall chasing, mountain biking, and scenic hiking. Either of these options positions you for a fabulous dinner at the **Sierra Nevada** brewpub, with onsite brewhouse tour being an excellent add-on activity.

day 3

Before you depart Asheville, be sure to sneak in one more adventure, whether that be a hike along the **Blue Ridge Parkway**, utilizing the miles of trails at **Biltmore**, or ending the weekend with a **Namaste in Nature Yoga Hike**. Don't forget to take home a souvenir from one of our favorite local outfitters, like **Eno** or **Astral**!
