

Raleigh may be quiet about the fact that it's leading in most recent quality-of-life rankings, but the fact is, you'll enjoy visiting as much as people enjoy living here. Come see what the city will inspire in you. Its authenticity is homegrown by passionate locals, rooted in Raleigh.

AND for that final Horse Power fix - WELCOME TO THE RAY PRICE LEGENDS OF HARLEY® DRAG RACING MUSEUM

Located on the upper floor balcony of the main Harley Davidson showroom in Raleigh, the Drag Racing Museum is open to the public during their store hours.

As is often said in the Harley world, "it's not the destination, it's the journey." This journey is a trip down memory lane, down the hundreds of quarter-mile and eighth-mile tracks. You'll "meet" some of the drag racers who have smoked the tires, made a perfect launch, got a great reaction time and set a new record.
