

Experience Southern West Virginia's Hospitality, Heritage and Charm

November 30 – December 4, 2022

With 35 state parks, nine state forests, three rail trails and 1.5 million acres of parks and public lands, there are plenty of hidden gems to explore in the Mountain State. This experience is a taste of the wide variety of activities, lodging and dining that West Virginia has to offer.

The Resort at Glade Springs offers championship golfing, spa services, and blissfully simple pursuits like swimming, hiking, and boating all at your doorstep. Bowl a game or two, catch a movie, ride horseback on beautiful trails, or enjoy a priceless West Virginia sunset – without ever leaving the resort.

Explore the beauty of America's newest national park by taking a catwalk tour beneath one of the state's best-known landmarks-- the New River Gorge Bridge. Home to more than 70,000 acres of public lands, the New River Gorge National Park & Preserve has been a hallowed spot for locals for centuries.

At the Greenbrier Resort you'll experience the pinnacle of luxury as you taste delicious cuisine and tour a once top-secret bunker. Housed under the West Virginia Wing of The Greenbrier Resort, the super-sized bunker was built for all 535 members of Congress during the Eisenhower era.

West Virginia welcomes you to visit, explore and discover your own slice of heaven.
