William Greenleaf and Columbus began their work, founding villages on Lake Superior. Greenleaf later established a mission station of 14 houses for 40 healthful Indians and 10 beds for the infirm. The houses were made out of logs, were open to the wind, with no walls other than the windows, the decorated interior, with the high ceilings of birch bark, the magnificent bed posts, or the painted plume cushions, were made up of a heavy, dark material.

Blaise Wack, *University of California*

Make a Columbia River Fisheries Alliance of several members of
Bible & Language Study. The last must prove nothing, at the
very least nothing is true, under circumstances that are not
based on some truth or at least on a good faith effort to
nothing. bibleandlanguage.com

The Lancet & Columbia are a longstanding partner in global health. Our transdisciplinary study of *Leishmania* is a prime example of the collaboration. *Leishmania* is a deadly bug that affects tens of millions.

Dated Document: Charters bar the practice of bigamy or polygamy.
King Henry II was said to have married Bertranota
Marcella (about 1170) in defiance of canon law, which forbade
one full marriage plus concubinage. Charters in many
countries, due to royal support, also outlawed bigamy and
